

COFFEE MACHINE

Klára Kiesewetterová
Industrial design · 2024

TARGET GROUP

- coffee machine, what use many different people
(for not long time, very quickly during breaks or when they rush in the morning)
- usually when it's a shared appliance, no one cleans it and it's always dirty

AIRBNB ACCOMODATION

STUDENT DORMITORY

STUDENT DESIGN STUDIO

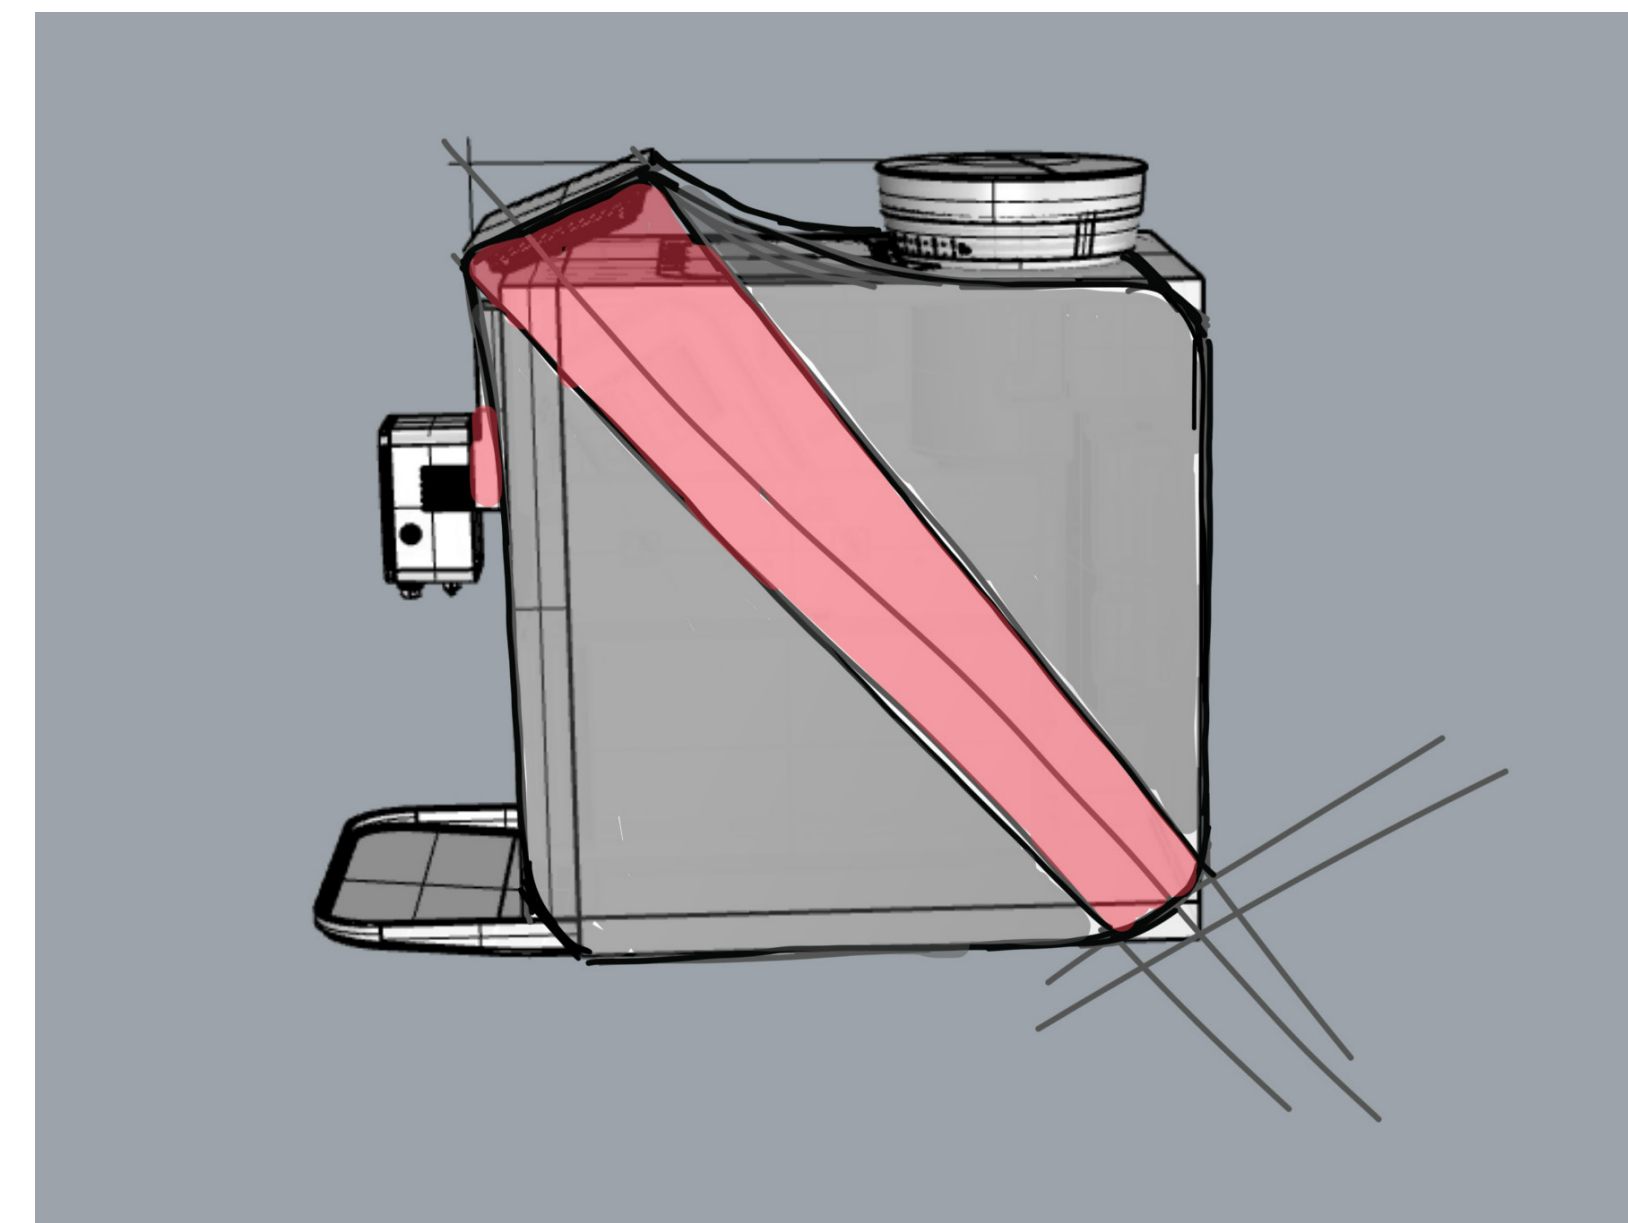

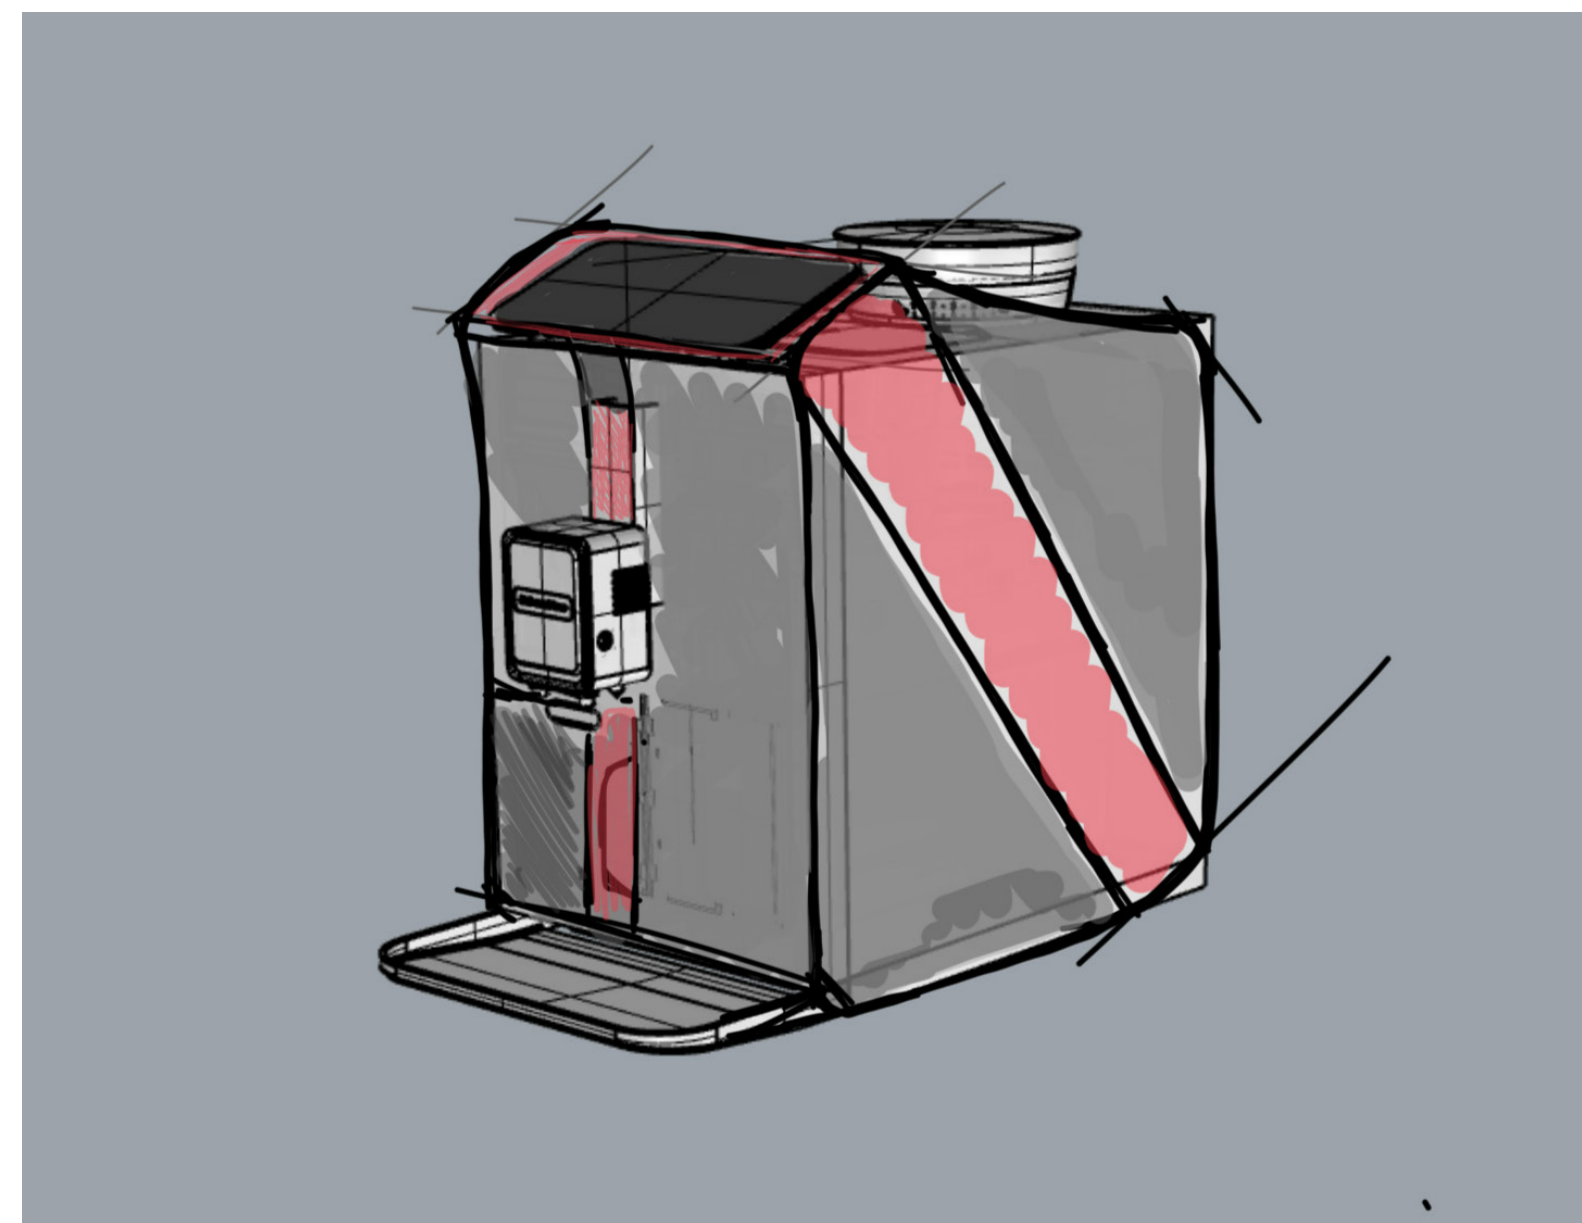

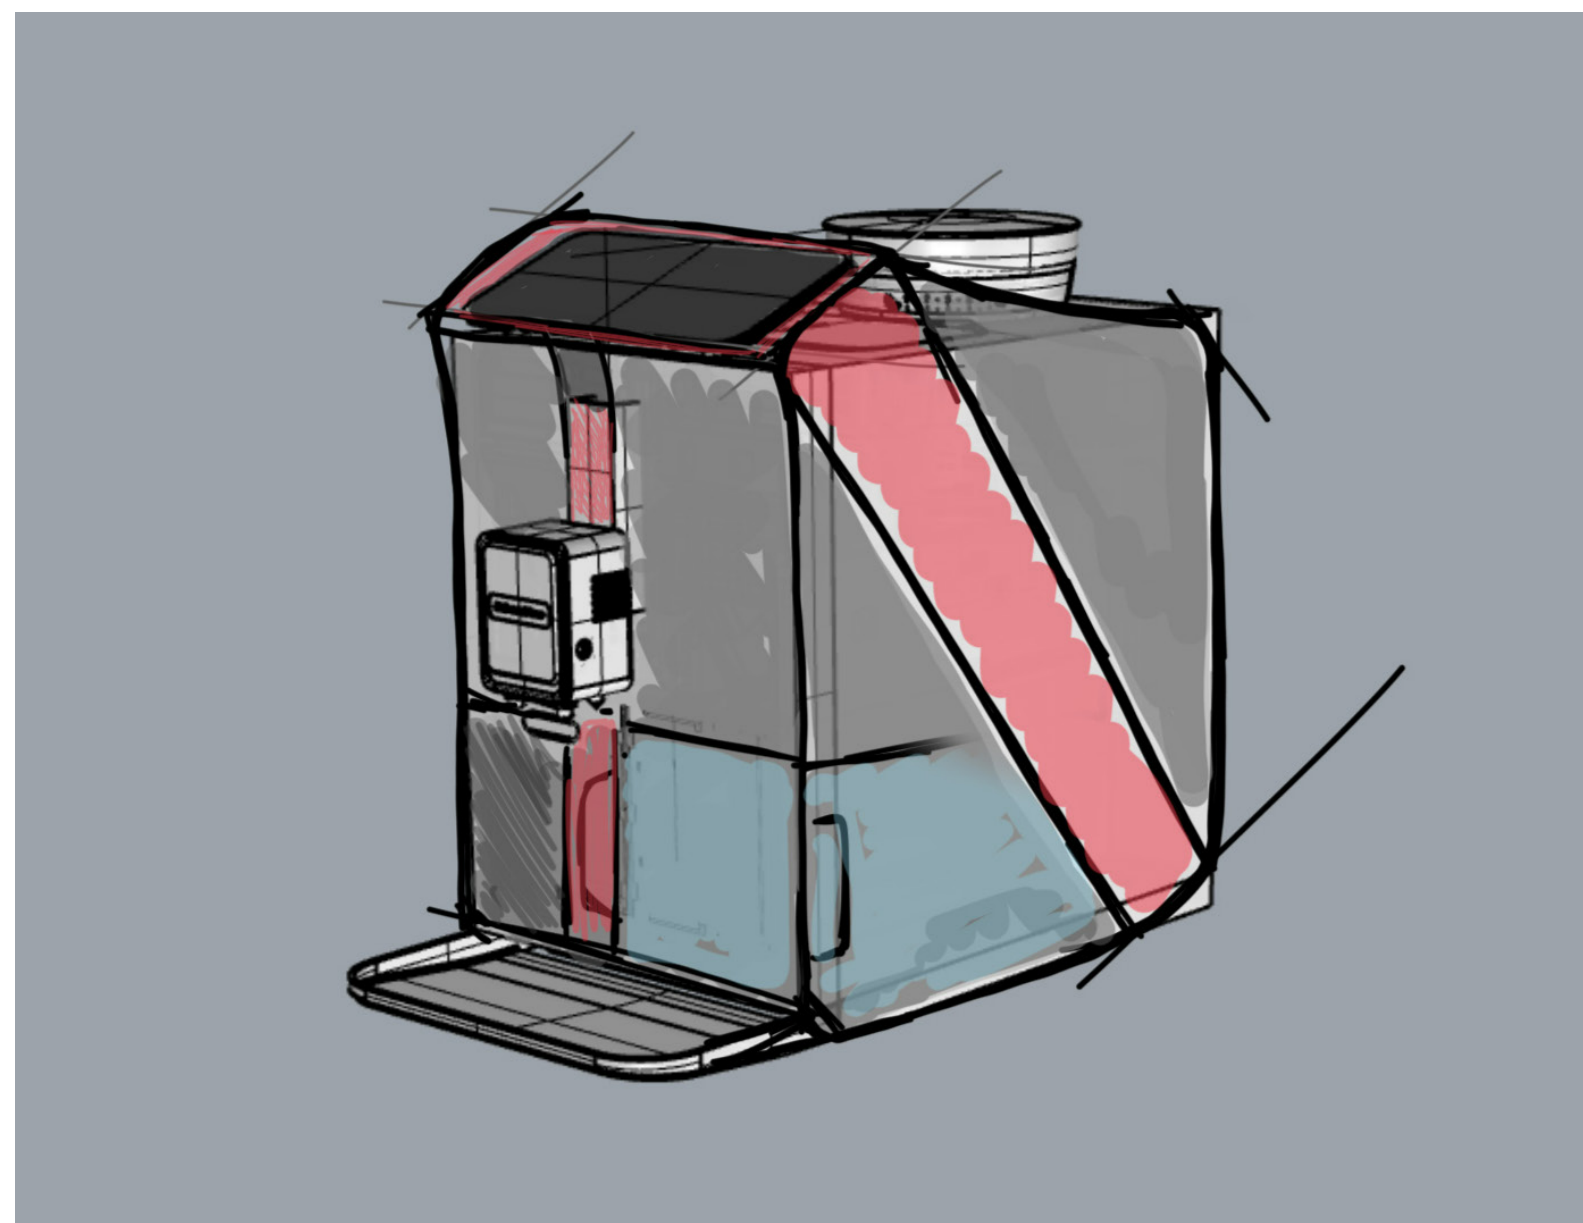

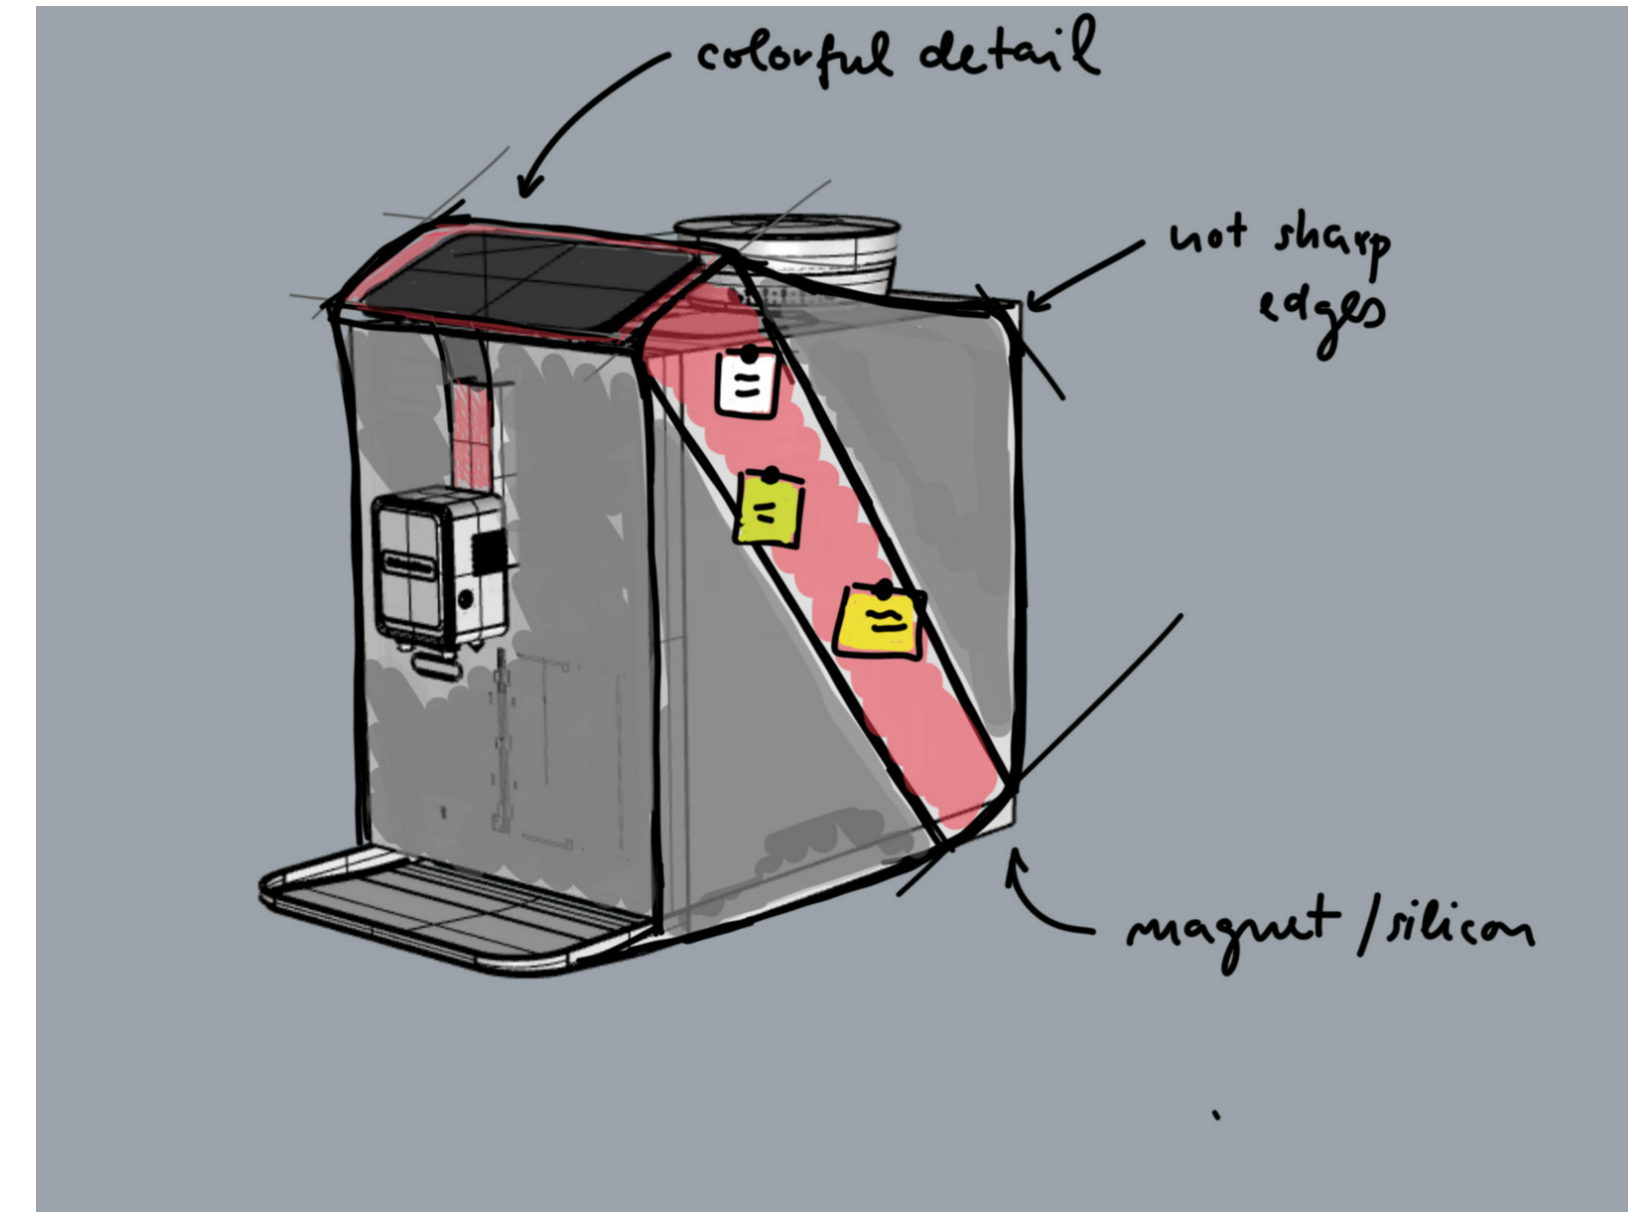

IDEA

- desing with easy shapes for quickly cleaning (no barely accessible edges, screen into the shape)
- funny gutty design
- emotions (coffe machine should communicate with users)
- it should be easy and intuitive for everyone

SKETCHES

- color detail/shape and different material (silicon, magnetic)

FINAL MODEL

- main shape is made of cork, what users can use as a message board
