

SWEETS IN THE BOX

MODEL YOUNG PACKAGE 2024
VERONIKA PLEVOVÁ

ANNOTATION

Cupcake packaging

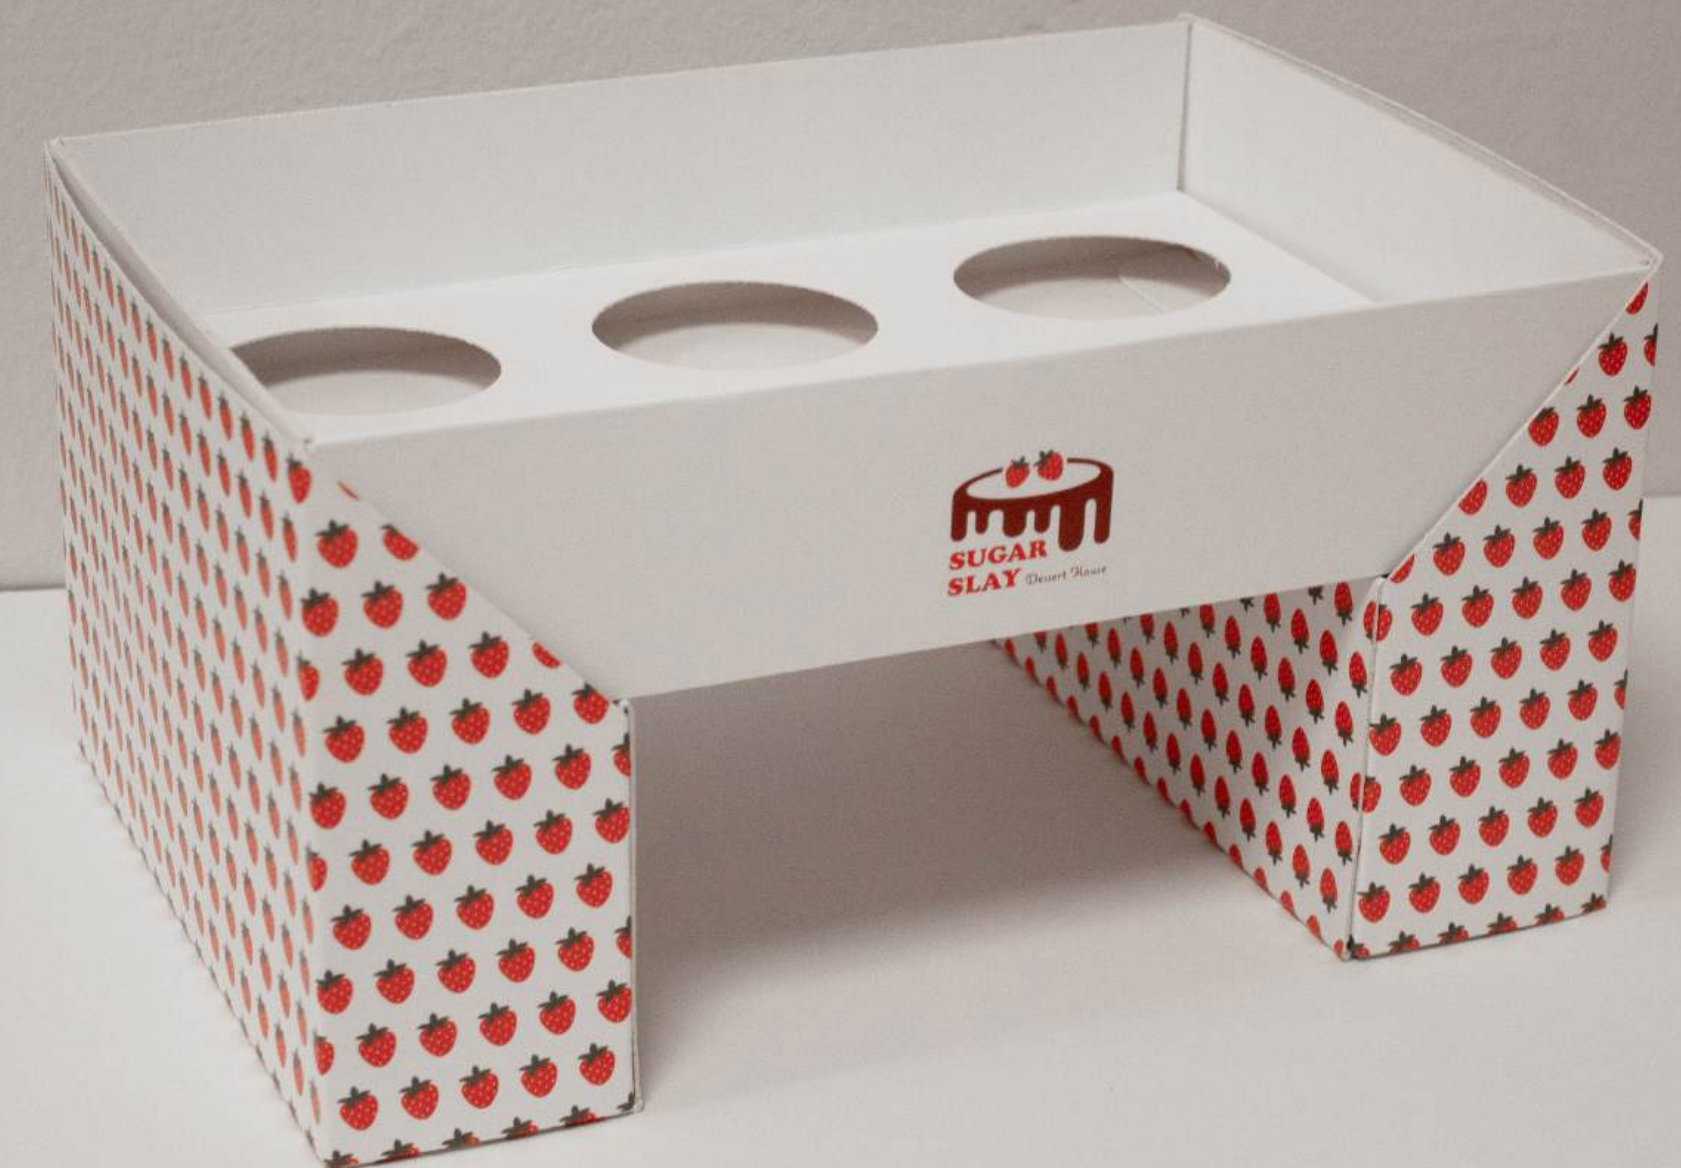

This cupcake wrapper serves not only as a transport box, but also as a dining set for various occasions such as weddings or parties.

Its multifunctionality makes it ideal for the confectionery industry that specializes in catering for various events. The packaging fulfils both a presentation function and a practical one - it ensures the safe transport of desserts.

CONSTRUCTION

The packaging is made of 1 mm cardboard coated with lamination which resists grease and moisture. It consists of three parts and is designed completely without gluing.

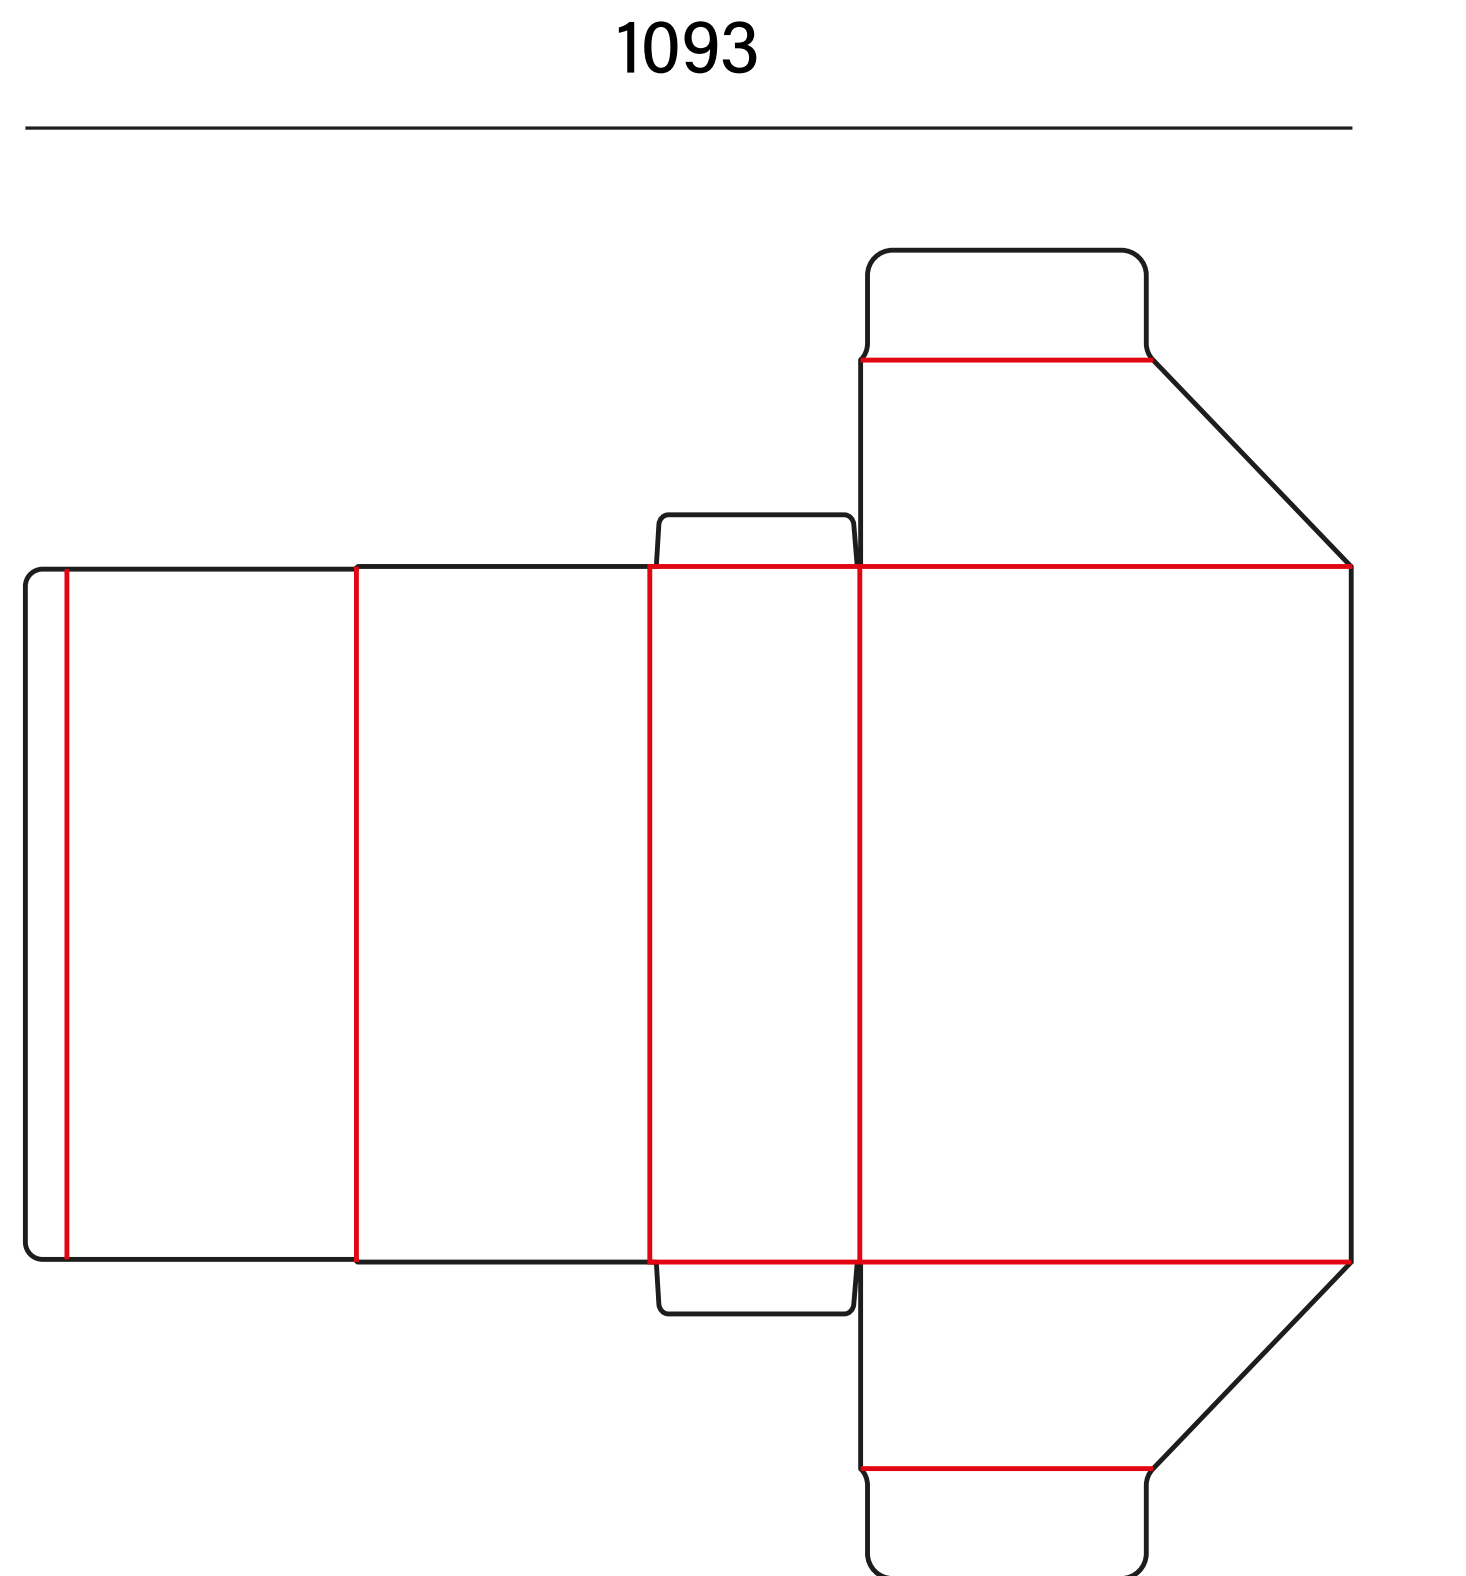

The graphic design was tailored to a specific confectionery company that specializes in custom-made sweets for special events.
